

Manager's Corner

The summer is winding down but we still have a couple weeks of summer to enjoy. Thanks to the Mary Liz Shea and the whole Shea family for organizing another great BP 5k race. Thanks also to the Men's Club and all the volunteers who worked to provide a fantastic pasta supper. Unfortunately, the bonfire was rained out but I hope to reschedule for August 20th. As we go into the final stretch of summer, please remember the rules and regulations that help us all get along. Please remember that there is absolutely no parking on the right of ways or on the piers. If you see someone parked on any of the piers or right of ways in the evening, please call the East Lyme Police and then call me. I will follow up with the police. Please be respectful of your neighbors and follow the parking rules.

Please call me anytime. My cell phone number is 941-8608.

Have fun everyone!

Daniella Duke gave us fabulous insight into what products and procedures work (or don't) in the quest for radiant, healthy and of course younger looking skin. The moral of the story is....start young in protecting your skin from those harmful sun rays we all love!!! The baby oil and Iodine concoction of my day is definately a NO NO! Many thanks to all that joined to make the evening educational and a success.

RECREATION CLUB

BLACK POINT 2011

Believe it or not the 2011 Club season has come to an end! It went by way to fast and its hard to believe its all over. I just would first like to thank Mike Manifold for his support and help throughout the summer. Also, I would like to thank

Todd Peretz for his help with the sports camps that the kids had a blast at. I would like to thank my staff members for their hard work this summer, they are the main reason for the success of the program and without them this great summer would not have happened. On that note I would like to add a special thanks to the volunteers who work so hard for the summer with no pay or anything and really help with the program. I would also like to thank the efforts of all the parents who helped out with the fair and other club events. Lastly, I would like to thank my parents and grandma for their support of me throughout the summer. I hope everyone had as much fun as I did this summer and I hope to see you all back next year! Thanks Again,

Garrett Hickey

Thanks again, Garrett Hickey, *Director*

Bird Quiz ???

Can you guess what kind of bird this is??

Fishing News!

This year's fishing season is off to a great start all around Black Point. Many fluke to catch but are mostly too short to keep. They are eating clams and squid.

Porgies came in early this year due to the warm water but prefer to stay in deeper water with this heat. They will eat just about anything from worms to squid and even clams. Good size keepers have been caught in deeper water too.

Tautog (Black Fish) are not biting as well this season but can be caught using green crabs in deeper rocky water.

Don't let the season go by without getting out on the water at least once to fish. Before heading out don't forget your fishing license and have a great time.

Any great fishing tales or awesome pictures please send to BP editor.
