

Board of Governors News Update:

Good morning,

The rain cooperated with us for the bonfire celebration. The fireworks display was fantastic from East Lyme. Instead of rain conditions, we had strong winds. At 6:30 I made the decision to cancel the bonfire on the beach, after checking many weather stations. I felt the safety of person and property was at risk if the winds started blowing the flames and embers around.

The wind did not damper the spirits of the several hundred people who made their way down to the sand to watch the display from our beach and piers. Several families arrived early and had a great time running, jumping, and doing cartwheels in the sand.

Sean, the DJ from Spin Doctors, who arrived in a sleeveless tee shirt and shorts, quickly changed into winter clothing. He did a great job of assorting music for all to enjoy.

I was only slightly disappointed when I asked him to play the 1812 Overture during the fireworks display, and he had a very confused look on his face., he did not have that one in his catalog. Thanks to Cheryl Colangelo for helping with the event.

Thanks to Bill McDowell , who heard we needed natural wood to burn as the fire marshal told me three times we cannot burn pallets. Bill delivered and stacked wood for our use on Saturday morning. Jim Moffett and Taylor Brysgel helped keep everyone safe coming and going to the event.

I hope everyone has a great week. The days are already getting shorter, so get out and enjoy the beach and sunny Black Point.

If you have any questions you should call me and I will help or put you in touch with the correct person to help.
